Terence Fisher 2

TERENCE FISHER

THE NIGHT OF THE BIG HEAT

While mainland Britain shivers in the depths of winter, the northern island of Fara bakes in the nineties. The boys at the Met station have no more idea what is going on than the regulars at the Swan. Only a stand-offish visiting scientist suspects aliens are to blame. Meanwhile, the new secretary to the local best-selling author is raising the temperature in her own way.

ISLAND OF TERROR

An isolated remote island community is threatened by an attack by tentacled silicates which liquify and digest bone and tissue.
